Pollock; thence easterly along lands of said Pollock and said Roche and McGuire 127 feet to the point of beginning, being lots 39, 40 and 41 and a portion of lot No. 42 in a map of property formerly of Bryan F. Mahan.

CITY DELUGED BY SUDDEN STORM

Rain Fell in Torrents at 5 O'clock Wednesday Afternoon-

Poles Down On Coit Street Deranged Light, Teleph and Fire Alarm Telephone Systems-Trees Blown Down and Reliance Yarn Co.'s Motor Burned Out by Lightning.

A solidly advancing wall of rain came down from the north at 5 o'clock Wednesday afternoon and for a quarter of an hour the city was deluged by descending sheets of water that burst. It was an exceedingly heavy rain while it lasted, but after 15 minutes it began to lighten and the big drops changed to smaller ones and after a fine driznle for a few minutes, it stopped altogether and the sun came out a while later. Then, easily in the evening clouds came up again and at 1.30 o'clock there was a lively shower. An hour later the stars were out, and they stayed out all night, although a heavy fog came in this morning.

Rumbles of thunder off Lebanon and Franklin way about 4.30 o'clock told Norwich weather gazers that a storm was brewing. Then a little later formidable-looking black clouds began to sweep down from that direction and those who saw them took heed. But the storm came suddenly and many were the automobilists and pedestrians caught out in it. Any port was shelter and the Main street stores were well filled with people on their way to catch cars to get home.

Franklin square was quickly covered with a sheet of water, for the catch.

catch cars to get home.

Franklin square was quickly covered with a sheet of water, for the catch basins couldn't begin to get away with the flood. There was a small river running down Broadway around the Wauregan house corner into the square and others coming down Cliff and Main and Bath streets. The water overflowed the gutter and came up over the sidewsik in front o the car station and it did the same at the Thayer building, that cellar getting an overabundant supply of water. The water ran down in Rose alley and nearly inundated the Ward saloon. Horses came along up to their fetlocks in the flood and automobiles cast a fine spray as they ploughed through. When the water finally ebbed away the square was covered with fine stones, gravel and debris.

Catchbasine Unequal to Flood.

Catchbasins Unequal to Flood.

The effect of the rushing water was worst on the hills. The catchbasins were far from equal to taking care of the rainfall, and in consequence it tore along over sidewalks and into basements and made trouble generally. At 191 West Main street it filled the gutter, poured over the sidewalk and then descended into the kitchen of Mrs. Michael Reardon, in the Daniel O'Neil house. She returned to get supper from a neighbor's and found four or five inches of water on her floor. In the adjoining basement the water got into the wine cellar of Henry Keroack, but it did not rise high enough to float anything away. The sidewalk there was left with several inches of thick mud upon it. Catchbasing Unequal to Flood.

Poles Down on Coit Street. On Coit street, four poles came down in the wind and rain, and brought the city's electric wires, both primary and secondary circuits, to the ground. There was minor trouble in other parts of the city to the electric lights, due to falling limbs, chiefly at Yantic and on the East Side. On East Main street a motor supplying power to the Re-

liance Yarn company was burned out by lightning, while burned out trans-former fuses put a number of frivate houses temporarily in darkness, Most of the trouble was fixed up by early Wednesday evaning.

The telepohne lines were not se-riously crippled, although some of them in various parts of the city were out of order for a short time.

The Fire Alasza Bayes Put Out.

Two Fire Alarm Boxes Put Out. The fire alarm telegraph system was interfered with by failing limbs and a squad from the central station was out after the storm locating trouble. Two boxes, Nos. 7 and 15, were found to be out of commission and they will be put in shape today.

Two Besch Trees Blown Off.

Two big beech trees were blown down in the storm near the cottage owned by Dr. John J. Donohue at 54 Yantic street, at the lower end of the Blackstone property. One broke off near the ground and this hit the other one in falling and broke the second off about 15 feet from the ground. In its fall, one tree hit the corner of the veranda of the house, injured the roof and carried away a part of the cornice. Luckily the house was vacant. When the first tree landed the recoil severad the tree entirely from its base. They were large trees, two feet in diameter at the base.

Cherry Tree Split in Two.

At the home of Mrs. Rilla M. Car-

At the home of Mrs. Rilla M. Car-roll, 17 Peck street, a big cherry tree was split in two by the storm and on Asylum street at the home of Captain R. D. Lewis a large limb from an elm tree came crashing down.

Trolley Tracks Covered by Gravel.

The trolley cars were hampered by washouts and the carrying of sand and gravel onto the tracks in places on several of the lines. An hour was lost on the Yantic line, the tracks being covered at Gilman's at the northend of the Sentry Hill road, and on Franklin street at the foot of Boswell avenue. Track gange were called out with shovels to clean off the tracks. The main line was delayed half an hour, but all the cars were back on schedule at 6.45. The lightning played an inconspicuous part on the trolley system and there were no motors burned out.

City Got Heaviest of Sterm. Trolley Tracks Covered by Gravel.

City Got Heaviset of Storm. The storm hit the center of the city hardest. n Greeneville, people found the storm quite considerably lighter. In Montville it was light, while in New hail stones were reported

Big Rainfall This Month. Big Rainfall This Month.

Up to Wednesday's pour the total rainfall in Norwich for July was 3.86, as measured by Inspector E. L. Burnap with the apparatus on top of the city hall. The rain started with 1.8 inches on the 1st, 0.5 inches July 2, 26 inches more the 5th, 0.80 inches July 8, and 9.15 inches July 11. Yesterday added probably close to half an inch and with only half a month gone, July's rainfall promises to break records.

START ON THAMES HALL. This Will Be Ready on September 15 -Other Work at Connecticut College

for Women. The furniture of the Connecticut College for Women will be brought in accordance with a policy decided on by the furnishings committee of the by the furnishings committee of the institution to buy in New London. The college will patronize New London merchants as largely as possibit both at the start and in future transactions of the various departments of the college.

transactions of the various departments of the college.

At a meeting of the committee on Tuesday the principal contract award, one for the construction of the college refectory, which is to be called Thames hall, was given to J. A. Dolan & company of New London, whose bid estimated the construction cost at \$7.787. Other bidders were Marquardt brothers of Groton and H. R. Douglass, Inc., of New London, whose bids exceeded \$8,000; Herbert B. Prentis, whose bid alightbrothers' company of Worcester, whose estimate was more than \$14,000.

Following the policy of placing all orders with New London firms whenever that action is possible the mittee voted to give the first orcommittee voted to give the first order for the equipment of the science
hall to the Morgan company. The
order consists of several hundred
student chairs to be made with extension arms, which are to be used
in furnishing all the class and study
rooms of the science hall.

Work will soon be commenced on
the quadrangle between the two
dormitories which will be graded
and put into shape, and the surrounding grounds will be graded in
proportion to the amount remaining
from the appropriation.

proportion to the amount remaining from the appropriation.

The Windham County College club is to journey to the college grounds on a "litney picnic" on Thursday, and in addition to the club a number of women who are interested in the establishment of Windham Hall at the college, a project for which the club has been energetically working, will make up the party.

J. A. Dolan & Company is to commence at once upon the construction

make up the party.

J. A. Dolan & Company is to commence at once upon the construction of Thames hall, which is to be completed on September 15. The refectory is to be formed by the Lee and Prentis houses connected by a 70x26 foot addition. The lower floor of the addition is to be used as the dining hall. It will be 57 feet long and 36 feet wide and will accommodate 200 students.

The plans for the second story include five suites, each consisting of a bedroom, study and bath, and designed for the use of members of the faculty. President Frederick H. Sykes is to occupy the Lee house. The lower walls of the exterior are to be of cobblestone, with walls and roof shingled in the weathered effect.

The equipment of New London hall was considered and the numerous articles necessary were noted and listed the first order given being for the chairs, several hundred of which will be needed in furnishing the building.

THE WEARY WAY

SODA WATER Owners of Fountains Must Let Cus-tomers Knew That They Use Arti-ficial Means. saily Becoming Less Wearlsome to Many in Norwich.

With a back that aches all day, With rest disturbed at night, Annoying urinary disorders. Tis a weary way, indeed. Don's Kidney Pills are especially or kidney trouble.

Are endorsed by Norwich citizens Mrs. Margaret Brown, 395 W. Mai sury and other towns in Fairfield county.

The commissioner said that there was but one druggist among the fourteen. They were for the most part owners of small candy and peanut stores which maintain soda fountains during the summer only. The commissioner finds that the druggist, as a rule, are careful to observe the regulations, which require the greatest possible publicity as to the ingredients in the syrups. The commissioner did not say there was anything prejudicial to health in the stuff used in coloring the syrup, but the consumer was entitled to know the precise nature of the coloring stuff and the dealers should have had notices placed in conspicuous positions in their stores, setting forth that the color was not natural but artificial.

It is the purpose of Commissioner t, Norwich, says: "My back was to bad shape and I suffered severely from

tificial.

It is the purpose of Commissioner Stadtmuciller to see that people shall know just what they are buying when they make purchases, so that if they wish to take into their system artificially colored syrups they may do so with their eyes open and with full knowledge of the character of the ingredients. He is considering following up his examination with prosecutions. simply ask for a kidney remedy-get Doan's Kidney Pills-the same that Mrs. Brown had. Foster-Milburn Co., Props., Buffalo, N. Y.

GREAT PREPARATIONS

FOR G. A. R. CONVENTION som and Food Prices are to be Kep Down and Outlook Bright for Big Gathering of Veterans at Washington This Fall.

Eastern Connecticut Grand Army men are interested in the elaborate preparations that are being worked out for the accommodation of 70,000 G. A. R. veterans and their friends who will attend the 49th annual encampment of the organization to be held in Washington from September 27 to October 2.

The principal effect of this change is to bring the commercial crate within the regulations.

OBITUARY

Mrs. Erastus Prentice Lawton
At 5 o'clock Wednesday morning Emma J. Hunt, widow of Brastus Prentice Lawton, died at the home of her son-in-law, William A. Somers, No. 42 Perkins avenue. Death followed an illness of over six months, Mrs. Lawton was born in Whitensville, Mass., October -6, 1848 and was the daughter of William and Julia Hilton Hunt, both natives of Whitensville. She was united in marriage with Erastus Prentice awton in Rochidale, Mass., on April 17, 1869. For a number of years Mrs. Lawton had resided in Garden City, L. I., but for the past two years Mrs. Lawton had made her home in Norwich. She was much interested in the welfare of Christ church of which church she was a member. Mrs. Lawton leaves an only daughter Mrs. William A. Somers with whom she resided. She was the last of her immediate family.

Mrs. Lawton was a woman of exemplary character and had won many from the encampment because of high room rent. Hundreds of letters are being received daily by the chairman of this committee asking about the

of this committee asking about the rooms and all that is necessary to do is to look at the card index system and one is able to tell just what will suit the inquiring person. Reservations have been made for scores of delegahave been made for scores of delega-tions, many of whom wish to be to-gether, as well as for many individuals. It has been a part of the duty of the committee to interview the hotel man-agers and restaurant proprietors and call their special attention to the fact that both room and food prices shall be normal. This has been promised and it is thought by the committee that no trouble will be experienced along these lines.

that no trouble will be experienced along these lines.

In addition to these accommodations \$11,000 was appropriated by Congress just before adjournment for the erection of public comfort stations and like incidental expenses. This work will be in charge of Major Raymond W. Pullman, Superintendent of Police of Washington. The Woman's Relief Corps is to be in charge of the information booths and they will be ably assisted by the Boy Scouts.

This 49th encampment will celebrate the 50th anniversary of the grand review of the troops at the termination

the 56th anniversary of the grand review of the troops at the termination of the Civil War by President Johnson, and it is the plan of those in charge that at this 49th encampment may be reproduced, as nearly as possible, that review. It is expected that President Wilson will review the veterans. This probably will be the last great encampment of the G. A. R. because of the increasing death rate of the old soldiers. In addition to the G. A. R. encampment, conventions are to be held at Washington at the same time by the Daughters of Veterans. Sons of Veterans, Woman's Relief Corps, Ladies of the G. A. R., the Association of Union Prisoners of War, Naval Veteraps and other kindred orsanizations.

Sanizations.
The National Defense League will hold a great conference on national defense immediately after the G. A. R. At the last G. A. R. encampment held in Washington in 1902 it was es-timated by the railroads that about 70,000 persons attended the encamp-ment. It is believed that because of ment. It is believed that because of the uniqueness of this encampment that fully as many will attend the coming encampment. Col. John El-roy, past senior vice commander-in-chief, has expressed great pleasure over the work of the accommodations committee and he believes there will be no exorbiant charges by hotels, res-taurants or rooming houses.

FUNERAL. Mrs. Martha Wigham. Mrs. Martha Wigham.

The funeral of Mrs. Martha Wigham of New Haven was held from the parlors of Undertakers Church & Allen Tuesday afternoon, Rev. C. A. Northrop officiating. Burial was in Maplewood cemetery, Rev. Mr. Northrop conducting the committal service.

Mrs. Wigham died in Preston on The North at the area of 40 years.

July 10 at the age of 40 years. President Walker Improving.

Friends who have seen William B. Walker, president of the American Thermos Bottle company, who is at the Rhode Island General hospital in Providence, recovering from the injuries received in an automobile accident this spring, bring back word that he is improving steadily. When they saw him very little of his face was visible, bandages covering most of his head, and it is fairly certain that when he does get out it will be with extensive scars to mar his appearance.

CRATES BY PARCEL POST. Amendment to Postal Regulations Increases Size Limit of Packages.

COLORING MATTER IN

Dairy and Eure Food Commissions Stadtmueller inished on Wednesda the examination of persons charge with using artificial means to colosyrup used to sweeten soda water and who falled to take the necessar steps to inform the consumer of the nois water of that fact. The examination began Tuesday afternoon an was brought to a close Wednesda forenoon. The people were from Dan bury and other towns in Fairfiel county.

Larger packages can now be sent by parcel post, following orders issued by the postmaster general increasing the size limit to permit of shipping standardized crates. A second order issued provides for the issuing of receipts for articles mailed by parcel post after Sept. 1, 1915.

Section No. 458 1-2 of the postal laws and regulations is so amended that upon payment of one cent the postmaster at Norwich, or any other mailing office, may give a receipt to the sender of any ordinary parcel of fourth class mail, a postage stamp covering the charge for the receipt to be affixed to the parcel, and the name and address of the addressee to be written on the receipt by the sender. The receipt will constitute evidence of the mailing of the parcel.

constitute evidence of the mailing of the parcel.

An amendment to section No. 664 increases the size limit from 72 to 84 inches in length and sirth combined. The principal effect of this change is to bring the commercial crate within the regulations.

The thirty-second annual reunion and dinner of the Gdeon Welles Naval Veterans' association will be held at Wilcox's theater, Savin Rock, New Haven, Wednesday, July 21. All shipmates who served between 1861-1865, will be welcome. The business meeting wil be held at 11 a. m. and dinner will be served at 1 p. m. at the pier restaurant.

Byron P. Drowne, captain commanding, and Henry F. McCollum, fleet secretary have prepared the following list in memoriam:

Mrs. Lawton was a woman of exemplary character and had won many warm friends who deeply regret her removal from among them.

Mrs. J. Coleman Williams.

Mrs. Georgianna Williams.

Mrs. J. Coleman Williams.

Mrs. J. Coleman Williams.

Mrs. Georgianna Williams.

Mrs. Georgianna Williams.

Mrs. Georgianna Williams.

Mrs. Georgianna Williams.

Mrs. J. Coleman Williams.

Mrs. Georgianna Williams.

Mrs. J. Coleman Williams. Mrs. J. Coleman Williams.

Mrs. Georgianna Williams, injured in a Fourth of July accident at New London, died at 11:30 Wednesday morning at the Memorial hospital. Mrs. Williams' death was due to a severe nervous shock caused by the accident.

On the afternoon of July 3 she was seated on the veranda of the residence of Mrs. Jennie E. Hodder, No. 43 Jay street, where she resided, when a boy tossed a lighted firecracker into the side yard. A horse grazing there took fright and dashed on to the veranda. Mrs. Williams, hurrying to get out of the way, fell to the floor, being severely bruised.

bruised.

The nervous shock was too great a tax on her and she slowly sank. Tuesday her condition became grave and it was known that she could not survive.

Mrs. Williams was past 30. She was the widow of J. Coleman Williams, who was for many years identified with the Boss cracker works. She was long a member of the Huntington street Ban-

member of the Huntington street Bap-tist church.
Surviving are these stepchildren:
Mrs. J. Augustus Prince, Coleman E.
Williams and George M. Williams, all of New London, Herbert, Frank and Charles of New York. New Steamers to Lie Idle. Steamer Manhattan of the Grand

Steamer Manhattan of the Grand Trunk system, in command of Capt. William S. Durkee, came in to the Central Vermont pier at New London Wednesday morning under tow of tugs, to tie up until some route is found for her, since the route from Providence has been abandoned.

In length and breadth the Manhattan is about the size of the City of Lowell, but she is one deck higher, giving her an appearance more like the Puritan. She and her sister ship, the Narragansett, an exact duplicate, which will arrive later this week, are stated to be the finest equipped passenger vessels on the Atlantic coast.

The Manhattan is 348 feet in length and 60 feet in width. Her hold has a depth of 19 feet. Her gross tonnage is 3,539 and her horse power 5,200. Triple expansion twin screw engines, with six boilers, give her a speed of 22 miles an boilers, give her a speed of 22 miles an hour under natural conditions, making her much faster than any passenger

Forty Years in Stock The latest coincidence which has just come to my knowledge (writes a correspondent) befell an elderly gentleman well known in literary circles. Wishing to refer to a book he had used in his schooldays, he visited the second-hand shop in Charing Cross road which specializes in this class of work. On inquiry he found they had one copy of the volume in stock. When he opened it he found on the front page his own name written there well over forty years ago.—Pall Mally Gazette.

Broadway for Japan. Japan has received a dozen lobsters for propagation. Evidently Baron Ito's recent statement that Tokio needs a Broadway is bearing fruit.—
Louisville Courier-Journal. FOR SUMMER

Rests with the Cook

No building of fires or carrying out sches. Nothing to do but strike a match and the fire is ready.

A Gas Range is an Ornament in the Kitchen and a joy to the Cook.

Order now before the Summer rush.

We are also headquarters for Humphrey Gas Arcs, Weisbach Reflex Lights and Ruud and Vulcan Tank Water Heaters.
